

General English Conversation 2 Syllabus

Class	General English Conversation 2	Time		Days	
Materials	The instructor and students will select a variety of authentic materials.				
Level(s)	Intermediate Mid (IM)				
Class Description	<p>Students who enter the class speaking in complex and/or connected sentences about familiar topics, will leave the class speaking in more developed sentences that link to form very basic paragraphs about a wider range of familiar topics. The IM class is for students who can already form connected sentence responses to questions about familiar topics. This class is for students who want to challenge themselves to make longer, multiple-sentence questions and responses in English conversation, and take the first steps toward fluency and mastery by “thinking in English.” For this level, students will be pushed to study native speakers, and begin to form more natural expression and pronunciation while conversing in English.</p>				
Course Objectives	<ul style="list-style-type: none"> - To create a comfortable atmosphere to get rid of the anxiety of using English in everyday conversations - To form a new habit of exercising English every day - To study and learn new phrases from native speakers which are used to enhance student’s English expressions in conversations - To form new relationships with other students interested in learning and enhancing their English skills. - To take steps toward fluency by forming basic paragraph responses to conversation topics that are familiar to the student.
