

<b>Class</b>	<b>iBT TOEFL Writing</b>
Materials	Example test questions, and additional test preparation materials will be provided by the instructor.
Level(s)	Intermediate Mid (IM) - Intermediate High (IH)
Class Description	Students will learn a variety of test-taking strategies for responding effectively to the two iBT TOEFL Writing tasks (the integrated writing task, and the independent writing task). As students become familiar with the TOEFL test structure through responding to practice writing prompts, they will increase their confidence. Students will receive feedback from the instructor, as well as their peers, which will in turn help students learn how to evaluate their own attempted responses more effectively - (thus allowing students to reflect on the quality of their work with more clarity).

- The detailed schedule will be provided on the first day of class.
